TOP REPRESENTED COUNTRIES

SEANERGY 2019 TOP ANNOUNCEMENTS

JUNE 7th, 2019

The Conseil d'Etat approves the Saint-Nazaire offshore wind farm operating permit

[>> Read the press release](#)

JUNE 14th, 2019

EDF-led consortium selected for the Dunkirk offshore wind power project

[>> Read the press release](#)

JULY 24th, 2019

The Conseil d'Etat approves the final administrative permits for the Fécamp and Courseulles-sur-Mer offshore wind farm projects

[>> Read the press release](#)

Les éoliennes en mer, c'est la promesse d'une énergie propre, bon marché et créatrice d'emplois en France. Au [@gouvernementFR](#), nous nous engageons désormais à lancer plus de projets chaque année, pour produire plus d'énergie, en émettant moins de gaz à effet de serre ! [#OnAvance](#)

Je tiens à féliciter toutes les équipes du Groupe EDF pour l'attribution du projet [#éolien](#) offshore de Dunkerque par [@Min_Ecologie](#). C'est la reconnaissance de notre expertise, de notre ancrage territorial, de notre engagement dans la concertation et la [#TransitionÉnergétique](#).

Nous fermerons la centrale de Fessenheim avant la fin 2020. Nous avons proposé un chemin crédible pour réduire la part du nucléaire à 50% d'ici 2035, avec le développement massif du renouvelable et notamment de l'éolien en mer. [#DirectAN](#) [#DPG](#)
